Old Business:

IRLP went down due to UPS failure. We now have a backup computer. Thanks to Rex for keeping it running.

Repeater site for 6m repeater- 200A service, power OK, Johnny B. donated \$200 to move the building. Work day 10/13 to clear ground. Moved the building on 10/21/2018.

The Lawrence County Firefighters Association voter and receiver is in the BARC 96 building (154.355Mhz). Tom suggests putting external cabinet in for LCFF Equipment (the LCFF are not contributing time, money, or support for the 96 site.) David H reported that not all fire departments are in agreement with the LCFF position on the system issues. The general consensus was that the benefit to the citizens of Lawrence County is the overriding factor. The goal would be for all parties to work together. BARC will monitor the situation for interference and respond accordingly.

New Business:

The goal is to complete the installation by 12/31/18. The water department will dig the trench to avoid all the existing pipes and wires. The mayor of Moulton gave his support for the project. Tower & Concrete will be donated. We need 3 sheets of 3/4" plywood for the floor. Ed will send out emails for work days.
