Old Business:

Ed discussed a meeting to resolve problems at the repeater site. The fire association was very cooperative with using our site. They are still trying to resolve some transmitter issues. Fire Assn put 7/8" hardline which helped some of their issues. May be some interference, but Rex will be working on it.

Repeater site: 6m repeater on hold due to the weather. Will need 350 ft of #4 Wire. Todd Henry calculated the wire size for the minimum recorded voltage. Copper wire will be about \$3000. Underground 4/0 Triplex Aluminum will be about \$1.57 per foot (\$549.50). Tom will find out the conduit size to accommodate the aluminum wire bundle. Tom will work with Todd on the meter base & box to make sure it will accommodate the larger size wire. Harley donated a 260 CAT controller for the 6m project.

Storm Spotter Class was 3/21/19 with a good presenter from the weather service.

New Business:

Reminder: Dues are due. \$20 for an annual membership. Life Membership is \$125.

April 27, 2019- Spring Tailgate Party- Meet at Littles Kountry Kitchen at 7:00am, TG Party at 8:00am

The remote base on 442.425 has been left up recently. Be sure if you use it to take back down when you are through using it.
